# LED10P
9-Watt LED Projector

The LED10P is a compact pattern projector that produces intense, sharp or soft edged beams of light. Utilizing an energy efficient LED source, this unit features a unique zoom focusing system that creates various spreads within the same fixture housing. Built-in pattern slots make this unit capable of projecting stock and custom, steel or glass patterns. Available in black, white and silver finishes. Custom colors available by request and at an additional charge.
