

The PBSK is ideal for highlighting artwork, exhibits, and retail displays. Its compact design features an exposed AR111 lamp. Beam spreads come in narrow spot to very wide flood, but will maintain an even field of illumination without producing hot spots or shadows. The PBSK features an electronic transformer, accessory-retaining clips for louvers, barndoors, hoods and a variety of filters.

FEATURES

- 120, 220 and 277-volt available
- Integral 12-volt dimmable transformer
- Use with electronic low voltage (ELV) Dimmer only (AKA Trailing Edge and Reverse Phase)
- Accepts AR111 lamps and LED's
- Numerous mounting options and accessories
- Weight: 2 lbs
